## TROOPS CALLED OUT

**Trouble Expected Where Alaskan Miners Are on Strike.**

### TROOPS TAKE GATLING GUN

**Miners Have Threatened to Blow Up the Works if Troops Are Sent—Ten Kegs of Dynamite Stolen from the Mine Stores.**

Seattle, Wash., March 28.—Troops have been ordered from Ft. Seward, at Fairbanks, Alaska, to preserve order at Treadwell mines on Douglas island, where eight hundred miners have gone out on a strike.

The troops are due to arrive at Treadwell Friday and serious trouble is anticipated.

The mine owners have threatened to blow up the works if troops are sent. Ten kegs of dynamite were stolen Thursday from mine stores.

Colonel Green, in command of one company of the Tenth infantry, left Fairbanks Thursday night with a gatling gun and should reach the mine Friday.

The other company, stationed at Ft. Eward, has been ordered to be in readiness.

#### SHE COULDN'T BUY HIM.

**So Steve Guerick Became Husband of Another Woman.**

New York, March 28.—Because Mary Barna did not have enough money to buy Steve Guerick, he is now the husband of another woman. He was married to Annie Markowitz by Judge Owen Mason in a public court in Elizabeth, N. J. Steve himself had very little to do with it, except in the beginning.

It appears that Steve had engaged himself to both women, but Annie had first claim. Mary offered her \$157, all she had saved, but Annie said he was worth \$350, and she wouldn't sell him for a cent less. Then Mary said she would pay the \$157 down to bind the bargain and \$3 a week until Steve was fully paid for, but again Annie refused.

Mary took the matter into court on a charge of breach of promise but the judge decided that Steve belonged to Annie and that Mary had recognized the fact by trying to buy him from her. So Steve and Annie were married.

#### MAILING KOREAN PAPER.

**Thousands of Copies To Be Sent to Korea for Distribution.**

San Francisco, March 28.—The weekly issue of the United Korean, the local paper published by the United Korean association here, appeared Thursday and a force of Koreans were busily engaged in preparing two thousand copies for mailing to Korea.

At the same time they expressed some doubt as to whether the Japanese officials would permit its entry into their country, as they said their mail was frequently opened and examined by the Japanese officials.

The paper contains besides the pictures of Chun and Chang, that of Minister Durham White Stevens, a forcible editorial justifying his assassination.

#### Mails Closed to "Red" Paper.

Washington, March 28.—Postmaster General Meyer has issued an order annulling mailing privileges granted to "La Question Sociale," an Italian publication, issued by an alleged anarchist group at Paterson, N. J. The order was issued because, as the postoffice officials declare, "the publication is not a newspaper within the meaning of the law, but is devoted to what the editor terms the 'science' of extolling assassinations as a virtue."

#### Captain Price for Dahlgren.

Washington, Mich. 28.—By direction of the president, Captain Frederick S. L. Price, of the Eighth infantry, is detailed as professor of military science and tactics at the North Georgia Agricultural college, Dahlonega, Ga., vice Captain Ezekiel J. Williams, of the Fifth infantry, who will proceed at Fort Leavenworth, Kans.

#### WOMAN PROVED A HEROINE.

**At Risk of Her Life Rescued Five Children from a Fire.**

New York, March 28.—Two trips by a brave woman into a burning flat house in Borough Park, on Thursday night, resulted in the rescue of five children, who, unconscious of their danger, were playing in a room as yet untouched by the flames.

The rescuer was a stranger, Mrs. Lilla Raymond, who was passing the house when the fire started, rang in an alarm, and then ran back to the house. She burst in the front door and dashed upstairs, finding Mrs. Jos Lock, whom she led through the dense smoke to the street.

Mrs. Lock then awoke to a realization that her children were still in the building which by this time was well ablaze. Mrs. Raymond ran back into the house, up the steps to the second floor, carried two of the little ones, an older boy following her, and then repeated the trip for two little playmates of the Lock children. The last two were half suffocated when she reached them and the dress of the younger was ablaze. Tearing it off, Mrs. Raymond got both the children in her arms and made for the stairway again. This time it was entirely ablaze, but she dashed down and reached the street just as the stairway fell.

Mrs. Raymond's face and hands were badly burned but she refused medical attention and went home.

All this happened before the arrival of the firemen, who had been delayed by the poor condition of the streets. The house was entirely destroyed.

#### JUDGE PUT OFF BENCH.

**Blackstone Removed by the Legislature of Virginia.**

Richmond, Va., March 28.—The general assembly of Virginia has adopted a resolution removing Judge J. W. G. Blackstone, of the eleventh district from office. The grounds upon which this action was based are immorality and gross neglect of official duty. There was but one dissenting vote in each branch. Removal was the outcome after a long and rather sensational investigation.

The successor of the deposed judge will be chosen and the legislature will then adjourn.

Judge Blackstone, who had declared he would fight the proceeding to the last point possible, declined to say what course he would pursue, but it is believed he will carry the matter to the supreme court on quo warranto proceedings.

#### GETS LONGER LEASE OF LIFE.

**Governor Respite Thurman Almost at the Last Moment.**

Norfolk, Va., March 28.—With everything in readiness for the execution Friday of Leo C. Thurman, for the murder here in February, 1906, of Walter P. Dolson, of Michigan, a long distance telephone message from Governor Swanson at 2:45 a. m. Friday, announced another respite for the condemned West Point, Ky. boy until April 10th.

The respite was granted at the personal request of Governor Willson, of Kentucky, who asked it in order that Thurman's brother might secure further evidence.

#### School Teachers' Strike Ended.

Kansas City, March 28.—School was resumed Friday at the Bryant public school in Wyandotte county, west of Kansas City, Kans., where on Tuesday last the entire staff of women teachers walked out and refused to conduct their classes. The trouble grew out of the fact that the teachers were obliged to go to the residence of the county treasurer to have their pay warrants signed. The school board on Thursday night adjusted the difficulties, sustaining the teachers in their position.

#### Explosion of Gasoline.

Tampa, Fla., March 28.—The explosion of gasoline at Baymont Key, upon which Fort De Soto is located, late Wednesday resulted in the destruction of three buildings at of Mark Ryan, a soldier, and serious burning of Captain Ira Washington, a pilot. The fire was checked before the destruction and officers' quarters were undamaged.

## THE DR. HILL AFFAIR

**The German Ambassadorship Still Holds Public Interest.**

### FOREIGN OFFICE ON SAME

**It States that the Opposition to Dr. Hill is American and Not German—Ambassador Tower's Part in the Matter.**

Berlin, March 28.—The matter of the acceptance by the German government of Dr. David Jayne Hill, now American minister at the Hague, as American ambassador to succeed Baron von Tschammer, continues to hold public interest. The foreign office deals with the affair by denying that any expression adverse to Dr. Hill has come from the German side by declaring that he is persona grata, and

DR. DAVID JAYNE HILL.

that all statements in a contrary sense are inventions put into circulation by designing Americans. It states that the opposition to Dr. Hill is American and not German.

On the other hand, Emperor William's desire not to have Dr. Hill come to Berlin has been a subject of discussion in the official household of his majesty for weeks past. General Von Plazan, adjutant general to his majesty, has referred to it, and it is known outside of his majesty's immediate suite that Admiral Von Muelled, chief of his majesty's private marine cabinet, and Admiral Von Trepitz, secretary of the admiralty, are among those who have told the emperor that they did not regard Dr. Hill as a suitable ambassador.

Mr. Tower's part is explained to have been confined to a transmittal to President Roosevelt of the emperor's definite communication. It happens also that his majesty at about the same time requested a distinguished personal friend of President Roosevelt, who is now in Germany, to write to the president concerning his majesty's unwillingness to receive Dr. Hill.

Both of these communications were sent at the express wish of the emperor. It is just possible that the foreign office is not aware of the second still in the transatlantic mail.

#### Chopped Up Wife with Ax.

Barnett, Ga., March 28.—Porter Cooper, negro, wanted for murder in Hancock county, was captured here Wednesday night by Night Operator C. E. Davis and J. F. and L. H. Lacey. Cooper admits killing his wife last Monday night, then chopping her up with an ax, burying her in several places, and then turning his house. He will be taken to Hancock county.

#### Hunted Held in \$1,500 Bail.

San Francisco, March 28.—Charles B. Hunted, who is charged with having uttered bills of the defunct State Bank of Georgia, was held by U. S. Commissioner Haddock in \$1,500 bond for his appearance before the district court in Denver. Testimony at the hearing brought out the fact that the bills had been introduced in Atlanta and produced in other cities.

#### AFTER PAT CALHOUN.

**Former Atlanta Thrice Indicted in San Francisco.**

San Francisco, March 28.—Three indictments, each containing three counts, against Patrick Calhoun, president of the United Railways; Tiley L. Ford, general counsel for the same corporation, and Abraham Ruef, former political boss of San Francisco, recently voted by the grand jury, were filed with Presiding Judge Stayesant.

The indictments charge Calhoun, Ford and Ruef each with having offered a bribe of \$4,000 on May 10, 1906, to Supervisor F. P. Nicholas, John J. Fuery and D. C. Coleman in connection with the granting of a franchise giving the United Railways the right to convert its cable lines into a trolley system.

The new indictments were returned with a view of meeting every possible technical objection that has been raised by the defense to the indictments returned by the former grand jury.

#### MARK TWAIN EPIGRAMS.

**Two New Ones by the Humorist Received in New York.**

New York, March 28.—Two new Mark Twain epigrams have arrived in New York. They were brought here on the steamer Bermudian from Bermuda, where the humorist is visiting.

At the dance recently in Hamilton he was the pet partner of all the little girls. One ten-year-old girl had been a bit raucous to some of the older maids at the ball and they had scolded her. He sympathized with her by writing on her program:

"Considering the proportion of things, it is better to be a young June bug than an old bird of paradise."

Another girl who had been rebuked for making faces, got this on her program:

"Do not do anything naughty when any one is looking."

#### DONATION TO VANDERBILT.

**Valuable Collection of Indian Relics Given University.**

Nashville, Tenn., March 28.—General G. P. Thirston, of this city, has donated to Vanderbilt university his collection of Indian relics and precious stones and minerals, said to be the most complete and most valuable in the world. The collection is one that could not be duplicated with any amount of money and pains.

There are many specimens of the old prehistoric pottery of the race that inhabited Tennessee so long before the white man came that even their graves were obliterated, and in addition to this there are specimens from Missouri, Arkansas and Peru. The Peruvian specimens bear a very close resemblance to the Tennessee ones, seeming to show a connection between the ancient peoples.

#### PENROSE PASSES CRISIS.

**Some Hope Entertained for the Senator's Recovery by Physicians.**

Philadelphia, March 28.—United States Senator Penrose, who is dangerously ill in this city, is believed to have passed the crisis. The physicians and members of the family were Friday more hopeful of the senator's recovery. It was announced by a number of the family that the senator had taken a turn for the better later in the night and that he rested more comfortably. He is fully conscious.

Senator Penrose's condition Thursday was very critical, so grave, in fact, that the physicians feared the worst. He suffered intensely and had to be relieved with opiates which kept him in an unconscious condition most of the day.

#### Largest Clock in the World.

New York, March 28.—A clock, which, it is said, will be the largest in the world, will be finished soon at Thomaston, Conn. It is a Jersey City clock factory. The clock will be placed on the company's sign on top of the soap factory and will be the first from the state and the first clock of its kind. It will have a diameter of 20 feet and will be made of brass and will be the largest clock in the world.

## MEXICO CITY SHAKEN

**Capital of Southern Republic Jarred by Seismic Wave.**

### SHOCK LASTED 4 MINUTES

**Four Persons Were Injured During the Quake, One Mortally—Great Damage Was Done to Buildings, and Clocks Were Stopped.**

Mexico City, March 28.—Mexico City experienced two severe earthquakes Wednesday.

The first shock, which occurred at 4:30 o'clock in the afternoon, lasted 4 minutes and 28 seconds, and did little damage.

The second shock, which occurred at 9:17 p. m. was much more severe. Four persons were injured during the quake, one of them mortally, and great damage was done to buildings.

Walls were cracked and clocks all over the city were stopped. The theater crowds rushed to the streets. The people are greatly alarmed over the repeated shocks. A number of walls have fallen. For a short time telegraph communication was interrupted. The shock was felt over an area of some 500 miles from north to south, extending itself at Guanajuato on the north, and Rincon Antonio on the south.

Callie San Francisco, the main thoroughfare of the city, was cracked in many places for many blocks. It is feared here that the shocks will be repeated, and few are sleeping soundly tonight. It has been many years since successive shocks of any severity have been felt here. All of the injured were Mexican workmen.

The shock was similar to that felt in this city about a year ago, the oscillations being of a long, swaying variety. At the national observatory it was stated that the needle of the seismograph traveled the entire distance of the dial.

That the property loss was not greater is due, according to the scientists, to the fact that Mexico City rests on the spongy bed of an old lake.

#### Shock Felt at St. Thomas.

St. Thomas, D. W. I., March 28.—A sharp earthquake shock occurred here Thursday afternoon and created much alarm. No damage, however, is so far reported.

#### WOULD TURN STATE'S EVIDENCE.

**Fugitive from Justice Anxious to Return to San Francisco.**

San Francisco, March 28.—The Call says that word has reached the office of chief of police that John Dalzell Robertson, assistant secretary of the defunct California Safe Deposit and Trust company, was in New York and anxious to return to San Francisco and turn state's evidence. Robertson was indicted with J. Dalzell Brown, Walter J. Barnett and James Treadwell for embezzlement. He escaped from San Francisco as soon as the crash came, and has been a fugitive for four months.

Robertson is penniless and broken in health. Through friends he has made what practically amounts to a complete confession and hopes that he may be granted immunity, for the testimony he is willing to give to the statements by Robertson directly involve Brown, Barnett and Treadwell.

#### League Calls Convention.

Atlanta, March 28.—A call by the Republican State League of Georgia, signed by T. M. Blackett, chairman, and J. T. Hood, secretary, forecloses two state republican conventions at Macon and this promises a "hot time in the old state in May." The other convention has been called by the republican executive committee.

#### Anti-Furure Rider Barred.

Washington, March 28.—When the agricultural appropriation bill was read for amendment in the house Thursday, Mr. Mann, of Arkansas, endeavored to have inserted as a new provision a rider prohibiting the donating to the state of agricultural products, but the amendment was rejected.

**JAMES VAN ALLEN, PROPRIETOR**

district, and, like all other of the progressive people, is proud of the Arredondo school, which is making fine progress.

Surveyor J. W. Patton has returned from points in East Alachua and West Putnam, where he has been surveying some lands for P. H. Baker. Mr. Patton states that the farmers are working in those sections, but that rain is badly needed.

James Bailey of Newberry was among those who spent yesterday in the county metropolis. Mr. Bailey's friends will regret to learn that his health for some time past has been none too good, but trust that he will soon be all right again.

Mr. and Mrs. Ora Stewart and daughter, Miss Arthur, after spending the winter pleasantly in this city, left yesterday for their home in Osnaburg, Mich. These good people made many friends here who hope to see them again next season.

Claude Stokes, a well-known young man of the Devil's Millhopper section, was trading in the city yesterday. Mr. Stokes visited New York last summer, and his friends say that

he intends soon to write a book on "The Doings of a Big City."

A severe cold that may develop into pneumonia over night can be cured quickly by taking Foley's Honey and Tar. It will cure the most obstinate racking cough and strengthen your lungs. The genuine is in a yellow package. J. W. McCollum & Co.

Mr. and Mrs. O. J. Griffin of Hampton, and W. J. Griffin of Starks, have returned to their respective homes, after a visit to Mr. and Mrs. H. P. Holstein, 704 West Liberty street. The gentlemen came to attend Oliver's auction sale of horses and mules.

Miss M. A. McIlwain of Evinston, the efficient principal of the Evinston school, was in the city yesterday, having come on business connected with the office of Superintendent Kelley. This is one of the most successful schools in the county of its grade.

B. R. Colson, secretary of the Alachua Abstract Company, announces himself as a candidate for city tax assessor in this issue of The Sun. Mr. Colson, being familiar with this class of work

and peculiarly fitted, will no doubt make a good run, as he has many personal friends.

Among the prominent visitors to this city yesterday were Captain A. B. McClellan and son, Arthur B., of Cadillac. The McClellans are the "whole push" at Cadillac, being extensive contractors, merchants and farmers. Mr. McClellan founded the town which bears his name in Baker county.

Mr. and Mrs. F. H. Beermann and children, and Mrs. Beermann's sister, Miss Sophia Dubbert, will leave this

morning for Los Angeles, Cal., where they will make their future home. Mr. Beermann, who is an extensive contractor, installed the city sewerage system here. Himself and estimable family have been residents of Gainesville for the past two years, during which time they have made many friends who regret exceedingly their departure, but wish them much success in their new home.

What will Governor Broward do for a "map" in his race for the United States Senate?

Yes, you are doubtless "overlooking" as many things as ever if you are not reading the ads.

Price-cutting in advertising—if it is emphasized and blazoned and reiterated through advertising.

If Gainesville grows in population within the next two years as it has in the past, we will have a town of 10,000 in 1910.

Hon. D. U. Fletcher, candidate for United States Senator, is by far the handsomest man in the race, and the peer of any man in the State in intellect.

Over in Pensacola a man unearthed in an old trunk a roll of bills aggregating \$500, which he put away thirty years ago and had forgotten. It is safe to assume that he had never been engaged in publishing a newspaper.

Hon. W. H. Milton of Marianna has been appointed U. S. Senator to succeed the late Senator Bryan. Mr. Milton is a good and true man, and in him the people will have a faithful and able representative in the Senate for the next year.

Larkin Cleveland succeeds J. T. Stubbs as editor and owner of The DeFuniak Herald, the latter having been incapacitated by a recent attack of paralysis. The Sun regrets the circumstances which necessitate Mr. Stubbs' retirement, but welcomes the new editor to the fraternity.

The express companies, who are trying to pose before an innocent public as reformers, deserve no special credit for refusing to accept "jugs, uncrated," for transportation. To those who will stop to consider, it can readily be seen that "jugs, uncrated," cannot be piled—and space is a mighty valuable item in express cars.

As will be observed by referring to the political announcements in this issue, the friends of Geo. L. Taylor of Palmer present him to the Democrats of Alachua county as a candidate for the Legislature. Mr. Taylor is well qualified for this office, and in him the people would have a man who would be true to the trust reposed in him.

About the only interest manifested in county politics so far is in the contest for sheriff—but wait until all the candidates get in the field, and then will be afforded a season for plagues, and the fellow who doesn't do much will have an opportunity to "fill up" on roast meats and other good things. The fellow who follows these campaign meetings has no excuse to be hungry—or perhaps not thirsty.

Alachua county should, and does feel proud, of such competent management of the educational affairs of the county. As a manager of educational affairs Superintendent Dr. J. L. Kelley has made a record which reflects great credit upon himself, and has placed Alachua in the very front ranks of the State along educational lines. Dr. Kelley manifests great pride in the efficiency of the various schools of the county.

## EGGS TYPIFY REBIRTH.

There are many superstitions in connection with Easter, and each country has a custom of celebrating it peculiar to itself, but while each varies, they all unite to observe the spirit of springtime, and all Christians rejoice that the Lord of Life forever won victory over death. Among the many quaint superstitions is the old Aryan one which typifies the return of the sun of springtime by a golden egg—eggs being distributed at the early equinox by priests to strengthen the hopes of the people that the bleak, cold days of winter might soon cease and a brighter time ensue.

The Persians believed that the earth was hatched from an immense egg on Easter morning; the Aryans also believed the sun to be a large golden egg which was constantly rolling nearer to the earth.

With the Jews, says The April Deileator, the egg became a type of their rescue from the land of bondage, and in their Feast of the Passover eggs occupied a conspicuous place in the services. It was their connection with the latter that finally caused them to be used by Christians the world over in celebrating Easter—the egg of resurrection into a new life, bringing a message of life from death, as it were.

The Tyrolean Easter egg is similar to our valentines, for besides being most beautifully tinted they have, in unique lettering, mottoes representing appropriate wishes for the recipient.

The priests of Italy bless all eggs brought to service on Easter morning, and each person carries his back home, where they are placed on a kind of altar arranged for the purpose, surrounded by lighted candles and often flowers; then each member of the family and any guests abiding with them, eat one of these holy eggs as a safeguard against disease and danger. They are hard-boiled before being taken to church.

## A LOCAL ENTERPRISE.

Few persons are aware to what extent the raising of chickens is carried on right here in Gainesville. A visit to the residence of Mr. Geo M. White, 201 E. Arlington street, disclosed the fact that within three blocks of the court house, on a lot 40 by 80 feet, is a poultry plant that would do credit to a ten-acre farm. On this small piece of land are quartered three hundred head of chickens—ranging in ages from one week old up to the laying hen, and perfect health reigns everywhere. All are contented, and there is no interference of the grown fowl with the little chick. Incubators only are used in the hatching of the chick, which insures a good, healthy one at the start. In addition the incubators (four in number) are at the present time filled with eggs, making a total of eight hundred now in incubation. The industry is well worth a visit, and a half hour can be well spent inspecting the same.

In this issue of The Sun will be found the announcement of S. H. Wienges, who aspires for re-election as clerk of the circuit court of Alachua county, which position he has held efficiently for the past four years. Mr. Wienges is so well and favorably known throughout Alachua county that comment at this time is unnecessary. The Sun believes it can say with impunity that he is not only the most universally known, but the strongest man individually in the county. True to his friends and trust, no more popular man than Sam Wienges ever lived within the borders of the best county in the best State in the Union, and it would be absurd to predict anything but overwhelming success for his re-nomination.

Hope the Duke of the Abruzzi and Miss Elkins will find out pretty soon whether they are engaged. This suspense is painful.

## THE MAN AND HIS JOB

By Herbert J. Haggood.

Too much whip is bound to make employees sore and an ever-shifting office force is often made more constant by a radical change at headquarters. They say you can lead a horse to water but you can't make him drink. Just so a severe call-down repeated so often that it seems like rubbing it in, accomplishes little or nothing in the way of actual results. Unless the manager is popular and well liked all the call-downs in the world become as sounding brass.

I recently happened to overhear a conversation between two salesmen belonging to different firms.

"How many book-keepers does your house employ?" asked the one.

"Three," said the other.

"Great Scott, how's that?"

"That's easily explained," was the grinning answer. "We have one on hand, one coming, and one going."

This is where I intruded upon the conversation, and by interviewing this salesman I saw plainly enough that the office force was sore, and constantly so, under the lash of an overstrict and unpopular manager.

"Why don't you get a new manager if your present one can't do anything with the force?" I asked.

"Well, he is a member of the firm and one of the original stockholders," replied this man, who said that he had twice refused desk jobs with his house on account of the distasteful methods of the office manager.

There is no doubting the fact that it pays to buy out a manager of this kind at almost any price. He will do more harm in checking the ambitions and crippling the efforts of the employees—not to mention the loss caused by frequent changes and resignations—than he would be worth even if he were an ideal manager.

Among the announcements in The Sun today will be found that of Syd L. Carter, who aspires to re-election as a member of the Lower House. Judge Carter, who is one of the ablest lawyers and most forceful speakers in the State, served his constituents well last term, and will no doubt receive a good support during the coming campaign.

The ad. that most people will read first today is that of the store whose ad. in the last issue of this paper was the most interesting one in it!

## THE CHILDREN'S BRIGADE.

A Pleasant Meeting Was Held at Methodist Parsonage Saturday.

The Children's Brigade of the Home Mission Society met at the Methodist parsonage Saturday afternoon. The meeting was well attended.

After devotional exercises, conducted by the president, Miss Mary Floyd, reports were made by the four companies of their work for the month.

Delightful music was given by Eva Futch, Omera McBeath, Elinor Nixon and Mary Floyd, and recitations by Rebecca Padgett and Mamie Gracy.

Refreshments of cake and lemonade were served by the lady manager, Mrs. T. J. Nixon, and then the children enjoyed games on the lawn.

An unexpected treat was given to the children by Mr. Budington, who came along with his automobile, and in four trips gave the forty children a nice ride. The little folks were delighted, and they all think Mr. Budington is a splendid man.

### The Singin' Skule Begiment.

[Hartwell (Ga.) Sun, March 6.]

Of all the fun-provoking exhibitions ever seen in our city certainly the Singin' Skule Begiment took the top crust off the cake. Anything like an adequate description of it would be impossible. It would take a page of The Sun to do justice to it. "It was just splendid." That is the universal appreciation. It was so highly enjoyed that a repetition was demanded on Saturday night and the Begiment was again greeted and applauded to the echo by another rousing audience. Financially it exceeded the most sanguine expectations of the devoted Daughters of the Confederacy, under whose auspices the entertainment was given. The Daughters and the ladies and gentlemen composing the forty actors who appeared before the footlights with such splendid histrionic ability not only gave their time and talents to the occasion but each and every one of them paid the full admission fee!

Mrs. T. M. Billingsley, the director under whom the copyrighted play was so successfully presented with only four nights' practice, is the only Southern lady who has direction of the Singin' Skule Begiment in the United States, and is a Daughter of the Confederacy. She is a noble woman with great tact and ability, and her work is highly appreciated by the Daughters of the Confederacy and by our people. She made scores of friends in Hartwell who will long remember her. Mrs. Billingsley has introduced The Singin' Skule Begiment successfully in cities in Mississippi, Tennessee, Alabama, Florida, Georgia, and elsewhere, and the play has had a phenomenal run in the Northern and Western States.

This production will be presented at the opera house in Gainesville, under the auspices of the B. Y. P. U. of the Baptist church on Thursday evening, April 2nd.

### Given Up to Die.

B. Spiegel, 1294 N. Virginia St., Evansville, Ind., writes: "For over five years I was troubled with kidney and bladder affections which caused me much pain and worry. I lost flesh and was all run down, and a year ago had to abandon work entirely. I had three of the best physicians who did me no good and I was practically given up to die. Foley's Kidney Cure was recommended and the first bottle gave me great relief, and after taking the second bottle I was entirely cured." Why not let it help you? J. W. McCollum & Co.

### Fishing Party Returns.

The fishing party, comprising Willis W. Colson, B. R. Colson, J. I. Prevatt and Mr. Smith, the latter from Battle Creek, Mich., have returned from Gulf Hammock, where they have been for the past two or three days on a fishing and hunting trip.

Inasmuch as the streams abound in fish of the finest kind, and the woods in small game, it is unnecessary to add that the trip was a most successful one. This experience was a rather novel one to Mr. Smith, who is not accustomed to such surroundings, and he declared he "had a time" who will live with him as long as his breath lasts.

### This is Worth Remembering.

Whenever you have a cough or cold, just remember that Foley's Honey and Tar will cure it. Do not risk your health by taking any but the genuine. It is in a yellow package. J. W. McCollum & Co.

# A Convincing Experiment

Dr. Sabouraud of the Pasteur Institute, Paris, France (ask your doctor about him), inoculated a rabbit with human dandruff germs, and "in between five and six weeks," says the report of the Pasteur Institute, "the rabbit was completely denuded, in fact had become entirely bald."

This experiment proves that dandruff is a contagious disease due to the presence of a microbic growth in the sebaceous glands of the scalp. It also proves that unless the formation of dandruff is stopped by destroying the dandruff germ, that it will lead to falling hair and incurable baldness.

The only safe remedy the intelligent use of which will absolutely kill the dandruff germ is

## Newbro's Herpicide

"A stitch in time saves nine." While the question does not refer to the hair, the DO IT NOW idea in it is the best possible advice to those who need a hair remedy.

Each day the hair is neglected means that the scalp is just a little worse than it was the day before. If you are indifferent about your hair and let it take care of itself, you should not complain when it becomes unsightly, or leaves you entirely. People who care for their health and personal appearance, now try to save their hair, and Newbro's Herpicide enables them to do this, surely, and in a very pleasing manner.

It is the first scientific HAIR-SAVER, and it is growing wonderfully in popularity. It acts by destroying the tiny vegetable growth in the scalp (the dandruff germ) after which the hair will grow as nature intended, unless the use of the remedy has been delayed too long. Remember that the dandruff germ may be planted in the scalp months or years before its presence is suspected. The first injury is dullness, dryness, or excessive oiliness, followed by dandruff, itching scalp, and finally falling hair.

Much can be done toward escaping the dandruff germ without the use of remedies. Information upon this subject will be mailed free, upon request, to those who send stamped envelope for reply, to The Herpicide Co., Detroit, Mich.

### A Good Report

"Before using Herpicide I was constantly annoyed by itching of the scalp and dandruff came off in large scales each time I combed my hair. I have used one bottle of Newbro's Herpicide and the itching sensation is over and dandruff is almost a thing of the past. I had been troubled with dandruff many years." Newark, N. J. Signed, ARTHUR J. RUNYON.

### Recommends It to Others

"I had dandruff ever since I can remember until two years ago, when I began the use of your Herpicide. Since that time I have not been troubled with it in the least, and as mine was a very bad case and the cure is positive, I take pleasure in recommending Herpicide to all those who are troubled with dandruff." Seattle, Wash. Signed, F. W. SEXTON.

### Pleased With Herpicide

"I feel that I ought to say something in praise of your Herpicide as a dandruff cure. I have used several bottles and I find it the nicest and most satisfactory preparation for the hair that I have ever used. I have been bothered with dandruff so long and have tried several remedies, but have found nothing so pleasing as your Herpicide." Dayton, Ohio. Signed, MRS. VIRGINIA MARSHALL.

Guaranteed under the Food and Drug Act June 30, 1906. Serial No. 918. Two Sizes, 50c and \$1.00, at drug stores. Insist upon Herpicide. Send 10¢ in stamps to The Herpicide Co., Dept. L, Detroit, Mich.

### Pleasant Fishing Party.

Tacoma, March 28.—On last Wednesday morning Rev. Sistrunk and a party of friends gathered on the banks of Wabburg for a fish fry.

After several hours' fishing Rev. Sistrunk, being the fortunate one, caught a fifteen-pound trout which furnished fish for all.

A most enjoyable day was spent by all, and everyone went away feeling full and happy. Tacoma is certainly the place for people to come

who are looking for a good time and plenty to eat, for it is the garden spot of the world. MRS. A. H. EMERSON.

### Notice to Our Customers.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. J. W. McCollum & Co.

### Had a Picnic.

The pupils of the sixth grade, Gainesville Graded and High School, participated in a drag ride and picnic to College Park and other points in the vicinity of Hogtown creek Saturday.

The party was chaperoned by Miss Carver, teacher of the sixth grade, to whom the pupils are under obligation.

## OUR WEEKLY NEW YORK LETTER.

Startling New Models in Millinery—  
The General Prevalence of the  
Kimono Effect—Novel Designs  
and Materials for Waistcoats—  
Motor Coats for the Early Spring.

By GENE DE PONTAC.

There have been rumors to the effect that the present extravagant coiffure was to be abated, that the rows of stiff puffs and braids which may be bought "by the yard" were to be discarded and that a return to something resembling nature was again to prevail. The truth of this rumor would seem to be effectually disproved by the new French hats, which, with their towering crowns, surmounted by veritable flower gardens, and wide drooping brims, to preserve any sort of balance call imperatively for the supporting masses of hair.

These latest creations of the French modistes are of the Gainsborough type—a revival possibly due to their effectiveness with the Empire frock now in vogue. There is also the so-called "Huguenot Bonnet," with high round crown, brim turned up sharply on one side and a plume or bunch of grasses waving aloft. The "Charlotte Corday" shape is back again and is shown in laces and nets. Feathers are little used—even ribbon is not as conspicuous as usual; it is a season of flowers and foliage used in masses. One especially striking example was a cerise hat covered with green leaves and morning-glories in various shades of mauve and cerise panne velvet and silk, the markings in the bell of the flower exactly simulated by wedge-shaped tucks.

This is emphatically a kimono year, and every sort of garment—sometimes it must be said without much apparent sense of fitness—shows traces of this influence: coats, waists, gowns, wraps and lingerie. The genuine Japanese kimonos are always lovely in their beauty of workmanship and coloring. One somewhat modified model which we have recently seen in one of the large shops makes a charming negligee or tea-gown, of soft liberty satin in pale blue or pink, semi-fitted, with bands of Dresden flowered silk around the neck, down the front and on the loose sleeves, and a braided silken cord confining it at the waist line.

Many of the new gowns are made with a waistcoat, and for this purpose are used very beautiful trimmings among which are conspicuous the embroideries in Persian tints and designs, rich with gold and silver thread. Novelties are also the Egyptian lazes and Russian and Roumanian embroideries. Some of these little vests are made from cretonne—an idealized cretonne, of the finest possible quality with colors copied from hand-woven designs. Cross-stitch embroidery in the Bulgarian designs and colorings on string-colored canvas requires no great amount of skill and adds distinction to a very simple costume. Stoles, giving the long, straight front lines, are seen on many of the new gowns, fashioned of these same embroideries and heavy laces.

The fur-lined motor coat cannot yet be discarded, but when this garment becomes too heavy and the time of the pongee, taffeta and linen dust-coat is not yet come, there are coats of mixed tweed or homespun, tailored like a man's ulster, or coats of fine-twilled serge that will shed the dust and will not easily spot. Good shades are tobacco and leather, smoky greys or black and white checks, but blue is the favorite. A

## Hosiery For Men, Women and Children.

All hosiery must possess two qualifications if it is to pay for itself in wear. Fast color and honest fibre are essential,—the first for appearance, the second for durability. Many of us remember the days when fast color in hosiery was the exception, rather than the rule—when the material entering into the weave and the methods in weaving were far inferior to those employed by the manufacturer from whom Macy's buy.

We buy hosiery in large quantities direct from the factories. By obtaining the quantity discount and adding only our customary small margin of profit, we are able to undersell all competitors.

fetching model in blue has red collar and cuffs braided with black and is lined throughout with red silk.

The most popular thing in neckwear at the moment in Paris is a narrow band of fur worn around the throat and tied at the back by a bow of ribbon. A spring adaptation of this fancy is a ruff of closely pleated net standing stiffly out all around in the Elizabethan fashion and tied at the back. A recently imported novelty is a collar of real Irish lace of the depth and shape of the ordinary starched linen fold collar, with the inner band made of linen to give the necessary support.

### SEA ISLAND COTTON.

Savannah Market was Easy and Irregular During Past Week.

Savannah, Ga., March 28.—The market for Sea Islands was easy and irregular during the past week. A good amount of business was transacted, and sales were mostly of full extra choice, extra choice, fine and common. Prices paid were generally lowered, the decline in the lower grades being about 1 cent. There were considerable sales of the poorest cotton.

The movement of receipts was small except at Jacksonville, where over 1,000 bales were reported as passed through during the week. The crop in sight to date is slightly over 69,000 bales.

The following prices are based on factors' quotations and are revised weekly on Fridays:

Fancy Floridas	27	@28
Fancy Georgias	27

### Summons Not Properly Served.

New York, March 28.—Regarding the litigation by which James F. Hannigan hoped to collect \$2,000 from the Duc de Chalmes for clothes supplied him in London and Paris, City Court Justice Conlan has decided that the summons in the suit had not been properly served. The process server said he had given it to the duke, but the latter declared in an affidavit that the summons had been served on his cousin, Baron Louis de Comde, in mistake. The duke is now in Europe.

### For Diseases of the Skin.

Nearly all diseases of the skin such as eczema, tetter, salt rheum and barbers' itch, are characterized by an intense itching and smarting, which often makes life a burden and disturbs sleep and rest. Quick relief may be had by applying Chamberlain's Salve. It allays the itching and smarting almost instantly. Many cases have been cured by its use. For sale by all druggists.

### Parents Make Final Appeal.

## COMFORTING WORDS

Many a Florida Household Will Find Them So.

To have the pains and aches of a bad back removed; to be entirely free from annoying, dangerous urinary disorders is enough to make any kidney sufferer grateful. To tell how this greater change can be brought about will prove comforting words to hundreds of Florida readers.

A. Oerting, seaman, of 419 L. street, Pensacola, Fla., tells how to do it. He says: "From my experience with Doan's Kidney Pills I can strongly recommend them to anyone in need of a good medicine for the kidneys. Kidney complaint and backache caused me suffering at intervals for years. The first or second attack I did not mind, but as time went by they grew worse and at times laid me up. I could hardly walk and it was a difficult matter to straighten up after stooping, while the kidney secretions were irregular and unnatural. Doan's Kidney Pills cured me. From personal experience I know that this remedy can be depended upon to fulfill the representations made for it."

For sale by all dealers. Price 60 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

## PURELY VEGETABLE

## GREATEST OF ALL TONICS

Very few persons are able to pass the Spring season with any degree of physical comfort, without the aid of a tonic. Our systems change with the changing seasons, and more is required of the blood, from which source our bodies receive their nourishment and strength, at this particular season than at others.

During the cold Winter months we do not exercise as freely as in warmer weather, the skin is not as active in removing the waste and refuse matter, and the other avenues of drainage are dull and sluggish in their work. Thus the impurities which should pass off are left in the system, and are absorbed into the blood.

When Spring comes and all nature takes on new life, we change our mode of living, and greater demands are made on the blood for nourishment and strength to enable us to meet the changed conditions. But the Winter accumulations have polluted the blood and destroyed its nutritive qualities to such an extent that it is not able to supply the increased needs of the system, and we suffer in consequence.

Our physical machinery seems to get "out of gear," and suffers from debility, weakness, nervousness, loss of appetite, etc. Sleep is not refreshing, there is a constant worn-out feeling, and we do not feel equal to performing the ordinary duties of daily life.

When the system is in this disordered condition it must have assistance; it must be aided with a tonic, and it should be a medicine which has the additional qualities of a first-class blood purifier, for to restore health the blood must be cleansed of all impurities.

S. S. S. is the best Spring tonic, and it is recognized as the oldest and best blood purifier. It is made entirely of roots and herbs of the forests and fields, and as it does not contain the slightest trace of mineral in any form, is especially adapted for a systemic remedy, and has the additional value of being absolutely safe for young or old. S. S. S. re-establishes the healthy circulation of the blood, rids the body of that run-down, worn-out feeling, improves the appetite and digestion, and brings about a return of health and strength to those whose systems have been weakened and depleted. S. S. S. acts more promptly and satisfactorily than any other medicine, and those who are beginning to feel the need of a tonic to fortify themselves against the unpleasant conditions which come with Spring, should commence its use at once. Not only will it tone up the system, but it will remove any humor from the blood, and prevent an outbreak of Eczema, Acne, Tetter, Poison Oak, Poison Ivy, or other skin disease or eruption, which is so common at this season. S. S. S. is for sale at all drug stores.

## SHORT STATE ITEMS

The city council of Pensacola has authorized street paving in that city to the amount of \$400,000.

The breaking of the dam of the Alger-Sullivan Lumber Company, at Century, caused 600 feet of the L. & N. road to be washed away.

S. W. Timmerman while descending the stair-steps of the court house in Tampa, fell, seriously injuring his head and back, also cutting a gash in his left eyebrow.

A grapefruit weighing two and a half pounds and measuring 18 inches in circumference was brought to Orlando Saturday. It was grown a few miles from town by Frank Eaton.

What is claimed to be the largest cargo of mahogany ever brought to a Gulf port was landed in Pensacola when the British steamer "Venus" entered from Balize with 3,000 large logs.

The public-spirited colored people of St. Petersburg have donated enough money for the continuance of the colored school there for two months longer. The State provides funds for a six-months term only.

A runaway resulting in a distressing accident occurred at Little River. C. E. Roberts was thrown from a buggy, his head striking a large rock. His skull was fractured in two places, and he died before medical assistance could reach him.

Rev. Caleb A. Ridley, who recently left Live Oak to accept a call to the Beaumont Baptist church, is stirring up the sinners in that Texas town and getting his name in the papers. Mr. Ridley is a forceful and logical speaker.

## POLITICAL ANNOUNCEMENTS

### FOR THE LEGISLATURE.

The friends of Geo. L. Taylor respectfully present him to the Democratic voters of Alachua county as a candidate for member of the Legislature, and ask the support of the Democrats of all sections of the county.

I am a candidate for the Legislature from Alachua county and respectfully solicit the support of the Democratic voters.

SYD L. CARTER.

### FOR CLERK CIRCUIT COURT.

I respectfully submit myself a candidate for re-election as Clerk of the Circuit Court of Alachua county, subject to the Democratic primary. Respectfully,

S. H. WIENGES.

### MUNICIPAL

## POLITICAL ANNOUNCEMENTS

### FOR MARSHAL.

I take this method of announcing my candidacy for re-election as City Marshal at the election April 14th, 1908. I have endeavored to perform my duty without fear or favor, and my fellow-citizens, promising the same attention to the duties of the office in the future as in the past. Thanking you for past support, and soliciting your votes at the coming election, I am,

BEN T. ARNOW.

I hereby announce myself a candidate for City Marshal in the election to be held on the 14th day of April, 1908. I promise if elected to endeavor to do the duties required by the ordinances as near as I possibly can, and I solicit the votes of all law-abiding citizens.

Respectfully,

CHAS. PINKOSON

To the Voters of Gainesville—I take this method of announcing my candidacy for Marshal of the City of Gainesville. I have been on night work as an officer, protecting you and your interests while you were asleep, for about three years, and leave it to you as to whether I have performed my duty well, and with impartiality. I think I have been long enough at night work to be entitled to a day job, and if elected I promise you a faithful, impartial and efficient service. Yours for order,

C. L. KITE.

### FOR CITY TAX ASSESSOR.

To the taxpayers of Gainesville: I will be a candidate for the office of City Tax Assessor in the coming city election. Realizing the vast importance of having correct descriptions and an equitable assessment of every piece of property included within the corporation, and believing that I am in position to make such assessment, I respectfully solicit your vote at the polls on the day of election, April 14, 1908.

B. R. COLSON.

## For Coughs and Colds

Nearly all other Cough Cures are constipating, especially those containing opiates. Kennedy's Laxative Cough Syrup moves the bowels. Contains no opiates.

## Kennedy's Laxative Cough Syrup

"A Cold or a Cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For want of moisture the bowels become dry and hard."

Kennedy's Laxative Cough Syrup relieves Colds by working them out of the system through a copious action of the bowels.

Plans for the building of a seawall across the army reservation at Ft. Taylor have been made. The seawall will start at the southern end of the Main Hospital grounds and will make a straight line to Ft. Taylor. The wall will be about 2,250 feet long.

George Fordham, a negro of Jacksonville, was sent to the county jail at 1 o'clock Friday morning on a charge of assault to murder. The negro was not arrested until after he had been shot by Policeman Tipton. His wound, however, is only a flesh wound and is not considered serious.

The famous Chicago and Florida Limited train, operating out of Jacksonville over the Atlantic Coast Line to Tifton, thence over the Georgia Southern and Florida to Macon, over the Central of Georgia to Atlanta, and from that point over the Nashville, Chattanooga and St. Louis to St. Louis and Chicago, was discontinued for the season with the last train leaving Jacksonville on the morning of Saturday, March 28. This train has scored another successful season, and it is hoped that the lines operating it will inaugurate the service again next season.

### Don't Complain.

If your chest pains and you are unable to sleep because of a cough, buy a bottle of Ballard's Horehound Syrup and you won't have any cough. Get a bottle now and that cough will not last long. A cure for all pulmonary diseases. Mrs. J., Galveston, Tex., writes: "I can't say enough for Ballard's Horehound Syrup. The relief it has given me is all that is necessary for me to say." Sold by W. M. Johnson.

### Ship Takes Refugees.

Port-Au-Prince, Haiti, March 28.—The German cruiser Bremen left here Friday for Kingston, Jamaica, carrying all the revolutionary refugees who had taken asylum at the French and German legations. They number in all seventy-five men. The United States gunboat Paducah arrived here Friday morning.

### Yale Will Enter Two Crews.

New Haven, Conn., March 28.—J. T. Curtis, advisory rowing coach at Yale, has announced that, with the faculty's permission, Yale will enter two crews for the American Henley regatta at Philadelphia May 13, to be known as the second university and the freshmen.

### Unequaled as a Cure for Croup.

"Besides being an excellent remedy for colds and throat troubles, Chamberlain's Cough Remedy is unequalled as a cure for croup," says Harry Wilson of Waynesboro, Ind. When given as soon as the croup cough appears, this remedy will prevent the attack. It is used successfully in many thousands of homes. For sale by all druggists.

## JUDGE SYD L. CARTER

Members of Legislature.

We all agree that our best men should be sent to the Legislature, but it is a sad fact that we do not always send them. Had we not had a few able and good men in the last Legislature but little if anything would have been accomplished. We have in mind one man, Hon. Syd L. Carter, of Alachua county, who arose to the occasion and proved himself worthy of the name of Representative not only of his own county, but the entire State. Being one of the leading lawyers in the State, Mr. Carter was enabled to forcibly present his arguments, which, backed by merit, carried conviction, and with an untiring energy easily placed him as one of the leading members of the last Legislature. It is a pity that the Legislature could not be filled with such able men as Syd L. Carter. That he expects to make the race again is indeed good news, and while we have nothing to do with it, the people of Alachua county should re-elect him to the Legislature unanimously.—Manatee Record.

### PHOTOGRAPHY.

Photography today is an economic and social necessity in every community. It maintains the memory and affections of family life through the picture it makes, and which we could not now do without. How often is regret expressed that no picture exists of some friend or relative who is no longer with us! Sometimes, indeed, the camera has to intrude upon the sacredness of the death chamber itself when relatives feel that a photograph in such circumstances is better than none at all. Do not procrastinate. Be wise and "secure the shadow ere the substance fades."

You can get a picture from locket to life-size at Smith's Studio.

The Week Beginning Monday, March 30th

## ALL-OVER LACES FOR LADIES' COATS

We are going to offer you something extraordinary in this, the newest and most up-to-date effects in Cluny and Baby Irish. We were showing these last week—the ones that everybody thought so pretty. The prices were \$1.25 to \$3.50 per yard. We are going to let this lot go THIS WEEK as follows:

The \$3.50 pieces at **\$2.48** The \$3.00 pieces at **\$1.98** The \$2.00 pieces at **\$1.69** The \$1.75 pieces at **\$1.48** The \$1.25 pieces at **98c**

This will be your ONLY CHANCE to purchase such laces at such a reduction, and it is just the season for a swell Lace Coat.

An Item of Special Interest Will Be a Few Dress Patterns—the New and Highly-Favored

Satin Plaids and Satin Striped Silk Finish Chiffon for Dresses

We will show these in the popular shades at **50c Yard**

Spend a few moments this week in our Embroidery and Lace Departments. We are too well known on these lines to stop to mention them again. It is indeed gratifying to us to hear so much praise and comment as to our stock of Laces and Embroideries—these are our hobby, anyway. We realize the importance of this line and we know we are, and will ever be, headquarters on them. Ask to see the new Val. Laces—this week—the department will be arranged for your convenience.
